

SPEED SKATING CANADA HIGH PERFORMANCE BULLETIN

#168 Competition Formats - SHORT TRACK

August 2015 Revised Nov 6, 2015

HIGH PERFORMANCE BULLETINS

The High Performance Committee – Short Track (HPCST) will issue bulletins periodically throughout the season informing skaters, coaches and associations of any update and/or changes to selection criteria, competitions, etc.

The HPCST reserves the right to modify or change the enclosed policies in the event that exceptional circumstances arise and that any such changes are clearly in the best interest of the high performance program. In these situations all athletes and coaches will be advised of any changes as soon as they are confirmed by the HPCST.

2015 / 16 Short Track Competition Formats

General Information

This Bulletin describes the Competition Formats that will be used for National Competitions within the National Short Track Program, as defined by the Short Track High Performance Committee. This document will serve as a reference for competition organizing committees and officials in order to establish the appropriate format for a given competition.

The Competition formats included in this bulletin are those for 16, 32 skaters and open competitions (up to 60 per gender).

From this point forward, Bulletin 168 will serve as the only reference for competition formatting and will provide details and reference information for all short track high performance competitions.

Following feedback received from the first open competitions held last season, the High Performance committee has made adjustments in the format to further enhance the development of skaters across Canada. We continue to welcome any feedback that will assist in improving the High Performance competition structure leading to the Olympic Games in 2018.

Competition requirements / eligibility criteria are stated in the Bulletin 167 which can be found on Speed Skating Canada's Website.

2015 / 16 Competition Format

1. Competition with 16 entries (per gender)

Typically used for Fall World Cups Selections

The format for this competition is as follows:

Day 1: 1500m / 500m

Day 2: 1000m / 1500m

Day 3: 500m / 1000m, 3000m relay women, 5000m relay men

I. Seeding

Seeding for the first round of the first 500m, 1000m and 1500m distances will be made on the basis of the skater's 2014/15 senior ranking in each of these distances. If there is a tie, the skater/s with the best overall 2014/15 senior ranking will be seeded higher.

Seeding for the first round of the second 500m, 1000m and 1500m distances will be made on the basis of the skater's finish position in each of the respective distances in the first round of the present Competition and on their seeding for the first round of these same distances. This will be determined by calculating the average of the original seeding per distance for the Competition and the finish position per distance from the present Competition. In the event of a tie in this average value, the skater with the better result in the respective distance from present Competition will be seeded higher.

For example: if a skater had a seeding of 4th for the 1500m going into the Competition and finished in 8th position in the first 1500m distance at the present Competition, their average for seeding would be calculated as 6. This score is then ranked against the other skaters and a final seeding for the second 500m, 1000m and 1500m distance at the Competition would be determined.

PLEASE NOTE: the HPC reserves the right to adjust seeding for all competitions to ensure the most fair and appropriate racing conditions for athletes who do not have a senior ranking from 2014/15 or were not able to participate in all competitions counting towards that season's ranking.

II. Lane Positions

For the first round of a distance lane positions will be as per seeding for that distance. For each subsequent round the lane position will be decided by the times skated in the preceding round. Skaters will be assigned lane positions from the inside of the track to the outside in the order of their times commencing with the fastest time.

III. Format for 1500m event

Composition of semi-finals (1500m)

1500m Semi-finals			
Distance Seeding	A	B	C
	1	2	3
	6	5	4
	7	8	9
	12	11	10
	13	14	15
			16

If starting numbers are reduced from 16, the High Performance Jury (High Performance Committee Chair and/or High Performance elected members in attendance and Short Track Program Director) will determine the most suitable number of heats to ensure the fairest racing conditions.

Composition of the Finals (1500m)

- Final A: 1st and 2nd of Semis A, B and C
- Final B: 3rd and 4th of Semis A, B and C
- Final C: Remaining skaters from Semis A, B and C

Any athlete that has been penalized in the semi-finals will be automatically seeded into Final C.

IV. Format for 500m and 1000m events

Composition of the Heats (500m and 1000m)

500m and 1000m				
Distance seeding	A	B	C	D
	1	2	3	4
	8	7	6	5
	9	10	11	12
	16	15	14	13

Composition of the Semi-finals (500m and 1000m)

The top 2 skaters from each of the 4 heats will be placed into the top 2 semi-finals (A, B; final rank 1-8 or lower depending on the number of advancements in the heats) on the basis of a ranking derived from ISU seeding points from the heats as follows:

Placing in previous round:	<u>1st</u>	<u>2nd</u>	<u>3rd</u>	<u>4th</u>	<u>5th</u>	<u>6th</u>	<u>7th</u>	<u>8th</u>
ISU seeding points	34	21	13	8	5	3	2	1

	Semi - finals top bracket			
	A	B	C	D
Rank from quarter finals	1	2	9	10
	4	3	12	11
	5	6	13	14
	8	7	16	15

Ties will be broken by referring to the times skated in the heats; the fastest time among those tied in points will be seeded highest and so on. Any further ties will be broken by a coin toss.

The remaining skaters from each of the 4 heats will be placed into the next 2 semi-finals (C, D; final rank 9-16) on the basis of a ranking derived from ISU seeding points from the heats. Ties will be broken by referring to the times skated in the heats; the fastest time among those tied in points will be seeded highest and so on. Any further ties will be broken by a coin toss.

Composition of the Finals (500m and 1000m)

- Final A: Top 2 skaters from semi-final A and semi-final B
- Final B: Remaining skaters from semi-final A and B
- Final C: Top 2 skaters from semi-final C and semi-final D
- Final D: Remaining skaters from semi-final C and D

V. Composition of relay teams.

The relay teams will be composed on the basis of overall rankings as follows:

- Team A – 1, 8, 9, 16
- Team B – 2, 7, 10, 15
- Team C – 3, 6, 11, 14
- Team D – 4, 5, 12, 13

If any skater from the top 16 withdraws, the race will involve 3 teams only.

VI. Ranking Points

Skaters earn ranking points during the final rounds for each distance.

Exceptionally, for the competition format with 16 entries skaters earn HALF THE POINTS per distance from what is described in the tables in on pages 22-23.

Each distance will be raced twice and results combined to establish the ranking for each distance. If two (2) athletes are tied, the skater with the highest finish position in either of the other distances will be prioritized for the individual ranking position.

2. Competition with 32 entries (per gender)

(This year to be used for Canadian Senior and Junior Short Track Championships)

The format for these competitions is as follows:

Day 1 – 1500m

Day 2 – 500m

Day 3 – 1000m, Super 3000m or Super 1500m (if junior level competition), 3000m relay women, 5000m relay men

I. Seeding

Seeding for the first round

1500m

Seeding for the first round of the 1500m distance will be according to the following priority:

- 1500m ranking achieved at Fall World Cup Selections
- 1500m ranking achieved at National Open Qualifiers
- Combined entry time standards for those who entered the competition based on time (Any ties will be broken by referring to a coin toss)

500m

Seeding for the first round of the 500m distance will be according to the following priority:

- 500m ranking achieved at Fall World Cup Selections
- 500m ranking achieved at National Open Qualifiers
- Combined entry time standards for those who entered the competition based on time (Any ties will be broken by referring to a coin toss)

1000m

Seeding for the first round of the 1000m will be made on the basis of the sum of ranking points earned in the 1500m and 500m distances of the present competition. (Any ties will be broken by referring to a coin toss)

Seeding for Quarter-finals and semi-finals

Seeding for the semi-finals in the 1500m, and for the quarter-finals and semi-finals in the 500m and 1000m distances will be done on the basis of a ranking derived from ISU seeding points awarded in the heats (for the 1500m) and heats and quarter-finals (for the 500m and 1000m) as described below.

Ties in seeding points will be broken by referring to the placing and then times skated in the previous round of racing; the highest placing and then fastest time among those tied in seeding points will be seeded highest and so on.

If there is still a tie then the skater with the highest original seeding for the distance will be seeded highest and so on. Any further ties will be broken by a coin toss.

Placing in previous round:	<u>1st</u>	<u>2nd</u>	<u>3rd</u>	<u>4th</u>	<u>5th</u>	<u>6th</u>	<u>7th</u>	<u>8th</u>
ISU Seeding points	34	21	13	8	5	3	2	1

II. Lane Positions

Lane positions will be determined as per ISU rule 296. For the first round of a distance lane positions will be drawn by the Competitor Steward. For each subsequent round the lane position will be decided by the times skated in the preceding round. Skaters will be assigned lane positions from the inside of the track to the outside in the order of their times commencing with the fastest time.

III. Format for the 1500m event

Composition of the Heats (1500m)

	1500m Heats					
	A	B	C	D	E	F
Distance seeding	1	2	3	4	5	6
	12	11	10	9	8	7
	13	14	15	16	17	18
	24	23	22	21	20	19
	25	26	27	28	29	30
					32	31

If starting numbers are reduced from 32, the High Performance Jury (High Performance Committee Chair and/or High Performance elected members in attendance and Short Track Program Director) will determine the most suitable number of heats to ensure the fairest racing conditions.

Composition of Semi-finals (1500m)

Top Bracket

The top 3 skaters from each of the 6 heats will be placed into the top bracket (final ranks 1-18) and seeded into 3 semi-finals (A, B, C) as described below.

Bottom Bracket

The remaining skaters from each of the 6 heats will be placed into the bottom bracket (final ranks 19-32) and seeded into 2 semi-finals (D, E) as described below.

Semi-finals 1500m						
	Semi-finals top bracket				Semi-finals bottom bracket	
Rank from 1st round	A	B	C		D	E
	1	2	3		19	20
	6	5	4		22	21
	7	8	9		23	24
	12	11	10		26	25
	13	14	15		27	28
	18	17	16		30	29
					31	32

Composition of the Finals (1500m)

Final A: 1st and 2nd of Semis A, B and C

Final B: 3rd and 4th of Semis A, B and C

Final C: Remaining skaters from Semis A, B and C

Final D: 1st, 2nd and 3rd from Semis D and E, + fastest 4th from semis D and E (7 skaters)

Final E: Remaining skaters from Semis D and E

IV. Format for the 500m and 1000m events

Composition of Heats (500m and 1000m)

	500m and 1000m Heats							
	A	B	C	D	E	F	G	H
	1	2	3	4	5	6	7	8
Distance seeding	16	15	14	13	12	11	10	9
	17	18	19	20	21	22	23	24
	32	31	30	29	28	27	26	25

If starting numbers are reduced from 32, the High Performance Jury (High Performance Committee Chair and/or High Performance elected members in attendance and Short Track Program Director) will determine the most suitable number of heats to ensure the fairest racing conditions.

Composition of Quarter- finals (500m and 1000m)

Top Bracket

The top 2 skaters from each of the 8 heats will be placed into the top bracket (final rank 1-16 or lower depending on the number of advancements in the heats) and seeded into 4 quarter-finals (A, B, C, D) as described below.

Bottom Bracket

The remaining skaters from each of the 8 heats will be placed into the bottom bracket (final ranks 17-32) and seeded into 4 quarter-finals (E, F G, H) as described below.

Quarter-finals 500m and 1000m									
	Quarter-finals top bracket					Quarter-finals bottom bracket			
	A	B	C	D		E	F	G	H
Rank from 1st round	1	2	3	4		17	18	19	20
	8	7	6	5		24	23	22	21
	9	10	11	12		25	26	27	28
	16	15	14	13		32	31	30	29

Composition of Semi-Finals (500m and 1000m)

Top Bracket

The top 2 skaters from each of the 4 top bracket quarter-finals will be seeded into the top 2 semi-finals (A, B; final ranks 1-8 or lower depending on the number of advancements in the quarter-finals) as described below.

The remaining skaters from each of the 4 top bracket quarter-finals will be seeded into the next 2 semi-finals (C, D; final ranks 9-16 or lower depending on the number of advancements in the heats and quarter-finals) as described below.

Bottom Bracket

The top 2 skaters from each of the 4 bottom bracket quarter-finals will be seeded into the top 2 bottom bracket semi-finals (E, F; final ranks 17-24) as described below.

The remaining skaters from each of the 4 bottom bracket quarter-finals will be seeded into the last 2 semi-finals (G, H; final ranks 25-32) as described below.

Semi-finals 500m and 1000m									
	Semi-finals top bracket					Semi-finals bottom bracket			
	A	B	C	D		E	F	G	H
Rank from quarter finals	1	2	9	10		17	18	25	26
	4	3	12	11		20	19	28	27
	5	6	13	14		21	22	29	30
	8	7	16	15		24	23	32	31

Composition of the Finals (500m and 1000m)

- Final A: Top 2 skaters from Semis A and B
- Final B: Remaining skaters from Semis A and B
- Final C: Top 2 skaters from Semis C and D
- Final D: Remaining skaters from Semis C and D
- Final E: Top 2 skaters from Semis E and F

Final F: Remaining skaters from Semis E and F
 Final G: Top 2 skaters from Semis G and H
 Final H: Remaining skaters from Semis G and H

If there are more than 6 skaters in Final D, a Final D-2 will be held containing the 5th and 6th place finishers from Semi-finals C and D. This is to prevent too many skaters in Final D, a situation that could arise if there are numerous advancements into the top bracket in the heats and quarterfinals. In the case where a Final D-2 is held, the points for Finals E-H will be adjusted downwards to account for the extra skaters in Final D-2.

Format for the 3000m event

The 3000m will consist of 2 finals. Skaters ranked 1-8 in cumulative ranking points after the 1000m will skate in final A. Skaters ranked 9-16 in cumulative ranking points after the 1000m will skate in final B. In case of a tie for the 8th or 16th place, the tied skaters will skate in final A or final B respectively.

A premium of points will be awarded for the skater crossing the finish line first after 9 laps. See note below for details.

During the 3000m, if a skater in contention for a final combined ranking within the top four of the competition is taken out of the race (due to a fall or major interference) resulting in a penalty for another skater, the referee may stop the race and begin again without the penalized skater, regardless of how many laps remain in the race. If an athlete is penalized once the race is complete, and this athlete has created a major interference with a skater in contention for a final ranking within the top three of the competition, the referee must restart the race without the penalized skater if the skater who was interfered with is still able to skate. Should the skater who was interfered with not be able to skate, the race will not be restarted and the results of the race (including the penalization) will hold. The number of laps for the restart, depending where the referee stops the race, is as follows:

<u>Laps remaining</u>	<u>Laps for restart</u>
27 – 18	27
18 – 0	18

If the 3000m race is stopped by the referee, and if a skater(s) has/have established a one-lap lead with respect to the main group and has rejoined the main group, skaters that have been lapped will skate one (or more) additional lap(s) than the lead skater(s). The same will be true if the main group laps a skater(s).

Note a premium of 735 points will be awarded to the athlete crossing the line first following the first nine laps of the 3000m distance in Final A. This represents the same percentage provided at the ISU World Championships (5 points premium for 34 total points: 735 points premium for 5000 total points). The same percentage of points will be awarded to the athlete crossing the line first following the first nine laps of the 3000m distance in Final B according to the top points available in Final B (176 points if 8 skaters in final A, 158 points if 9 skaters in final A).

V. Format for the Super 1500m (if Junior level competition)

The Super 1500m will consist of 5 finals. Skaters ranked 1-6 in cumulative ranking points after the 1000m will skate in final A. Skaters ranked 7-12 in cumulative ranking points after the 1000m will skate in final B. Skaters ranked 13-18 in cumulative ranking points after the 1000m will skate in final C. Skaters ranked 19-25 in cumulative ranking points after the 1000m will skate in final D. Skaters ranked 26-32 in cumulative ranking points after the 1000m will skate in final E. Please note the Super 1500m Final A and B for both genders is the priority for selection purposes and Finals C through E will only take place if time permits.

In case of a tie for the 6th, 12th, 18th, or 25th place, the tied skaters will skate in final A, final B, final C or final D respectively.

During the Super 1500m, if a skater in contention for a final ranking within the top four of the competition is taken out of the race (due to a fall or major interference) resulting in a penalty of another skater, the referee may stop the race and begin again without the penalized skater, regardless of how many laps remain in the race. If an athlete is penalized once the race is complete, and this athlete has created a major interference with a skater in contention for a final ranking within the top four of the competition, the referee must restart the race without the penalized skater if the skater who was interfered with is still able to skate. Should the skater who was interfered with not be able to skate, the race will not be restarted and the results of the race (including the penalization) will hold. The number of laps for the restart, depending where the referee stops the race, is as follows:

<u>Laps remaining</u>	<u>Laps for restart</u>
13.5 – 9.5	13.5
9.5 – 0	9.5

If the Super 1500m race is stopped by the referee, and if a skater(s) has/have established a one-lap lead with respect to the main group and has rejoined the main group, skaters that have been lapped will skate one (or more) additional lap(s) than the lead skater(s). The same will be true if the main group laps a skater(s).

VI. Composition of relay teams

The top 16 ranked skaters overall will be eligible to compete in the relay event or top 12 if the members of the World Junior Championships Team have been named. If any of the top 12 ranked skaters or members of the World Junior Championships Team are unable to participate, the relay teams will be filled by going down the ranking list after position 12.

The relay teams will be composed on the basis of rankings as follows:

- Team A – 1, 8, 9, 16
- Team B – 2, 7, 10, 15
- Team C – 3, 6, 11, 14
- Team D – 4, 5, 12, 13

(If World Junior Championships team members are known, they will form Team D)

VII. Ranking Points

Skaters earn ranking points during the finals rounds for each distance according to the Tables on page 22-23.

3. Competition format for Open entries

(This year to be used for Canadian Open National Qualifier and Canadian Senior and Junior Open Team Selections #2)

I. Entries

The Entries shall be restricted to a maximum of 60 Ladies and 60 Men.

II. Qualifying times

To qualify for open competitions, skaters must have met entry time standards in a gender-specific competition (see appropriate HP Bulletin for Eligibility requirements).

III. Competition Sequence

- a) The competition will take place over 4 days.
- b) Warm up sessions will be scheduled at the beginning of each day's program but are limited to 10 minutes per session. The number of warm up groups is limited to a maximum of three (3) per category/distance.
- c) All Skaters will start in the Qualifying rounds of the 1500m and 500m.**
- d) Day 1 (Qualifying Day) will consist of qualifying rounds for access to the Main Event.
- e) On Day 2, Day 3, Repechage sessions will precede the Main Event rounds of each distance. Skaters who did not qualify for the Main Event for either the 500m or the 1500m on the first day of competition will proceed to the Repechage session for the relevant distance(s), except those who did not start, failed to finish or were shown a yellow card in the Qualifying session.
- f) Any skater who receives a penalty in the qualifying session will be placed directly into the lowest Repechage final of that distance, separate and below any who skated the repechage round. If there is more than one heat of penalized skaters from the qualifying round for the Repechage final, then those who made it through the most rounds on the qualifying day before being penalized would be prioritized in the order of the finals. Repechage finals with 2 or fewer penalized skaters from the qualifying or repechage rounds may be skated together in order to permit the skaters to race a final, however the points earned in such a combined final will reflect the separation between the categories of penalized skaters.
If there are two or fewer penalized skaters for the distance, the last Repechage final will not be skated.
- g) On Day 4, in order to determine which skaters enter the 1000m Repechage or Main Event, the cumulative ranking from the 500m and 1500m results will be used to generate a ranking for the 1000m distance. The top 10 athletes go directly to the Main Event, while the remainder compete in the Repechage.

- h) **All skaters who qualify for either the Repechage or Main round of the 1500m, 500m and 1000m will skate a Final in that round, except in cases covered in point f) above.**
- i) The number of qualifying rounds, of races per round and skaters to qualify for the next round, for both the Qualifying Day and the Repechage Sessions, are specified in Appendix A.

PLEASE NOTE: The Organizing Committee will determine the starting times for each day in consultation with the Short Track HPC. No other Short Track Speed Skating events are allowed in the same facility during the event.

Daily Racing Schedule

	Standard Events	Supplemental events where applicable, as specified in Bulletin 167
Day 1	Qualifying session : 1500m & 500m	
Day 2	Repechage session 1500m & Main Event 1500m	
Day 3	Repechage session 500m & Main Event 500m	
Day 4	Repechage session 1000m & Main Event 1000m	Super 3000m or Super 1500m (if junior level competition) and /or relay

IV. Progression

Qualifying Session*

According to the qualifying tables in Appendix A
 10 Skaters qualify for the Main Event of the 500m
 12 skaters qualify for the Main Event of the 1500m

Repechage Session and Main event

Six (6) skaters from Repechage qualify for the Main Event.
 Therefore, including these skaters, the Main Event for the 500m and 1000m will consist of 16 skaters and 18 skaters for the 1500m.
 These numbers could increase depending upon advancements from the qualifying or Repechage session.

PLEASE NOTE:

*There are no qualifying rounds for the 1000m. In order to determine which skaters enter the 1000m Repechage or Main Event, the sum of ranking points earned in the 1500m and 500m distances will be used to generate a ranking for the 1000m distance. The top 10 athletes go directly to the Main Event, while the remainder compete in the Repechage.

The Qualifying Table for the qualifying day as well as for the Repechage session could change according to the number of entries to the competition. Please see Appendix A for details.

V. Seeding

QUALIFYING SESSION

Seeding for first round of the qualifying session

Canadian Open National Qualifier

Seeding for the first round of the 1500m & 500m distance will be according to the following priority:

- Skaters who qualified via 2014/15 Senior Canadian ranking, in order of their ranking in the respective distance, then;
- Skaters who qualified via 2014/15 Junior Canadian ranking, in order of their ranking in the respective distance, then;
- All other skaters seeded in order of their combined entry time standards.

Canadian Open National Senior/Junior Team Selection #2

Seeding for the first round of the 1500m & 500m distance will be according to the following priority:

- Skaters who qualified via Canadian Junior/Senior Championships, in order of their ranking in the respective distance at that competition, then;
- Skaters who qualified via participation in the Canadian Open National Qualifier only, in order of their ranking in the respective distance at that competition, then;
- All other skaters seeded in order of their combined entry time standards.

PLEASE NOTE: the HPC reserves the right to adjust seeding for the qualifying session to ensure the most fair and appropriate racing conditions for athletes who were not able to participate in all competitions counting towards the 2014/15 season ranking.

Seeding for second and subsequent rounds of any session

All Open Format competitions

For each of the distances a classification will be made in which the participants are ranked:

- by group/block; Finalists, Semi-Finalists, Quarter-Finalists, etc.;
- by position (finish place) within the respective group;
- by position (finish place) within the subsequent previous Qualifying Rounds;
- by best time in any race over the distance concerned.
- further ties will not be broken for Final Classifications.

For any intermediate classifications:

- in the case of equal times over the distance, a draw will take place to establish the order;
- in the case where there are no time(s) available, a draw will take place for the respective Skaters/Teams to determine their rank in comparison to the others with the same position (finish place).

REPECHAGE SESSION

1500 & 500m Seeding

Skaters will be seeded based on their classification following the Qualifying Round.

Seeding for any subsequent intermediate round of the Repechage will follow the same principle as described above, however the intermediate classification will be based on the results of the Repechage Round only.

1000m Seeding

Seeding for the first round of the 1000m will be made on the basis of the sum of ranking points earned in the 1500m and 500m distances of the present competition. In the event of a tie, the skater ranked higher on the entry list at the start of the competition will be placed higher in the seeding. The 10 highest ranked skaters will go directly to the main event, while the remainder will compete in the repechage.

Placement in the Repechage Finals (1500m, 500m &1000m)

Skaters will be placed in the Repechage Finals based on their classification earned in the Repechage Round. Skaters penalized in the Qualifying Round will be placed as identified previously.

MAIN EVENT

1500m & 500m Seeding

Seeding for the main event will be done the same way as described above, however skaters who qualified for the main event via the qualifying session will be seeded above those who qualified via the repechage session. Those who qualified via the repechage session will be seeded based on the classification earned only in the repechage session.

1000m Seeding

The top ten (10) skaters on the basis of the sum of ranking points earned in the 1500m and 500m distances will be seeded above those who qualified from the repechage session, and in order of their rank by these points. In the event of a tie, the skater ranked higher on the entry list at the start of the competition will be placed higher in the seeding.

Those who qualified via the repechage session will be seeded based on the classification earned in that session.

VI. Lane Positions

Lane positions will be determined as per ISU rule 296 for the 1500m and 500m distances. However for the first round of the 1000m, in both the Repechage and Main Event, skaters will be assigned lane positions based on their ranking (seeding) from the combined 1500m and 500m events.

VII. Format for the 1500m, 500m and 1000m events

Please see Appendix A.

VIII. Format for the 3000m event (when applicable)

The 3000m will consist of 2 finals. Skaters ranked 1-8 in cumulative ranking points after the 1000m will skate in final A. Skaters ranked 9-16 in cumulative ranking points after the 1000m will skate in final B. In case of a tie for the 8th or 16th place, the tied skaters will skate in final A or final B respectively.

A premium of points will be awarded for the skater crossing the finish line first after 9 laps. See Note below for details.

If, during the 3000m at the National Team Selections #2 (Senior), a skater in contention for a place on the national team (top 8, including World Championship Team) is taken out of the race (due to a fall or major interference) resulting in a penalty for another skater, the referee may stop the race and begin again without the penalized skater, regardless of how many laps remain in the race. If an athlete is penalized once the race is complete, and this athlete has created a major interference with a skater in contention for a final ranking within the top eight of the competition, the referee must restart the race without the penalized skater if the skater who was interfered with is still able to skate. Should the skater who was interfered with not be able to skate, the race will not be restarted and the results of the race (including the penalization) will hold. The number of laps for the restart, depending where the referee stops the race, is as follows:

<u>Laps remaining</u>	<u>Laps for restart</u>
27 – 18	27
18 – 0	18

If the 3000m race is stopped by the referee, and if a skater(s) has/have established a one-lap lead with respect to the main group and has rejoined the main group, skaters that have been lapped will skate one (or more) additional lap(s) than the lead skater(s). The same will be true if the main group laps a skater(s).

Note a premium of 735 points will be awarded to the athlete crossing the line first following the first nine laps of the 3000m distance in Final A. This represents the same percentage provided at the ISU World Championships (5 points premium for 34 total points: 735 points premium for 5000 total points). The same percentage of points will be awarded to the athlete crossing the line first following the first nine laps of the 3000m distance in Final B according to the top points available in Final B (176 points if 8 skaters in the A final, 158 points if 9 skaters in the A final).

IX. Format for the Super 1500m (when applicable, for Junior level competition)

The Super 1500m will consist of 5 finals. Skaters ranked 1-6 in cumulative ranking points after the 1000m will skate in final A. Skaters ranked 7-12 in cumulative ranking points after the 1000m will skate in final B. Skaters ranked 13-18 in cumulative ranking points after the 1000m will skate in final C. Skaters ranked 19-25 in cumulative ranking points after the 1000m will skate in final D. Skaters ranked 26-32 in cumulative ranking points after the 1000m will skate in final E. Please note the Super 1500m Final A and B for both genders is the priority for selection purposes and Finals C through E will only take place if time permits.

In case of a tie for the 6th, 12th, 18th, or 25th place, the tied skaters will skate in final A, final B, final C or final D respectively.

If the Super 1500m race is stopped by the referee, and if a skater(s) has/have established a one-lap lead with respect to the main group and has rejoined the main group, skaters that have been lapped will skate one (or more) additional lap(s) than the lead skater(s). The same will be true if the main group laps a skater(s).

The number of laps for the restart, depending where the referee stops the race, is as follows:

<u>Laps remaining</u>	<u>Laps for restart</u>
13.5 – 9.5	13.5
9.5 – 0	9.5

X. Ranking points

The ranking by individual distances will be defined as follows:

1. Skaters will receive ranking points according to tables described on pages 22-23.
2. The ranking list will be formed by ranking skaters in each final round from highest to lowest in order of their finish, beginning with final A and until the last final of Repechage.
3. Any skater who was shown a yellow card or failed to finish in the first round of the Qualifying session will not be ranked, and will not receive any points but will be listed as having participated.
4. Any skater who was shown a yellow card in any subsequent round will not receive points for that distance.
5. Any skater who was shown a red card will not be listed for any distance of the competition.
6. Skaters who have been entered in any distance (excluding the Super 3000m/Super 1500m) but did not start, will not be listed and will not earn any points for the distance. Skaters who are entered into the Super 3000m/Super 1500m but do not skate will only receive ranking points if they are withdrawn by the medical staff appointed to the competition.
7. If the 3000m is included in an Open Format competition, it will include only the top 16 athletes from the final ranking of the competition and will earn points for this distance as described as described on pages 22-23.

4. Special Racing Rules (applicable for all competitions):

In case of penalty, failure to finish due to infraction, or scratches, the following rules will apply:

1. Penalized skaters will receive the last place rank and seeding points in that race and be placed directly into the lowest bracket/race in the next round.
2. Skaters who drop out before a race will receive the last place position, behind any skaters who might subsequently fail to finish due to infraction or penalization and receive the seeding points according to the final order in that event.
3. Skaters who withdraw before a distance will receive no Ranking points for that distance and the distance will be re-seeded.
4. Skaters who are entered into the Super 3000m/Super 1500m but do not skate will only receive ranking points if they are withdrawn by the medical staff appointed to the competition.
5. Skaters who withdraw from an event due to illness or injury are permitted to continue in the competition for any subsequent distances or events.
6. A skater who has not finished the race because of an infraction by another skater will receive their position ahead of any penalized skaters.
7. A skater who does not finish a race will not be allowed to start the following round in the event of the distance unless advancement is warranted according to the ISU World Cup procedures or Special Rules Exception as noted in point 8 and/or point 9.
8. Where a skater is not able to finish a race as a result of a fall, the referee in consultation with the High Performance Committee members in attendance may decide to advance the skater to the next round or to authorize the skater to restart to ensure the fairest allocation of final ranking points.
9. Where a skater is not able to finish a race as a result of equipment failure or breakage during a race, this must be reported to and verified by the race referee immediately following the race in which the equipment breakage occurred. The skater will be advanced in the lower bracket of the next round and permitted to continue in the event.
10. Advancement will be in accordance with the ISU World Cup procedures. In brief, advanced skaters will receive seeding points as per their finish in the race from which they were advanced, and will be seeded into the next round of racing on the basis of these seeding points. Advanced skaters will not be seeded in any specified order; instead, their ranking after the previous round will determine which race they are seeded into for the subsequent round.
11. Final heats with two (2) or fewer skaters will not be skated and the qualified skaters will be assigned the first finish position for this race.

5. Canadian Ranking Points

Canadian Ranking Points are allocated according to the final rankings per distance for each competition. Canadian Ranking Points will be used to select teams for competitions and determine a final season ranking to select athletes for the National and Development Teams for the following season. Final placing in a particular distance is determined on the basis of the final in which a skater competes and their finish position in that final.

If there are more than 4 skaters in a 500m or 1000m final or 6 in a 1500m final, the ranking points of the 5th place, 6th place etc, will be the ranking points of the 1st place, 2nd place, etc. of the following final. The rest of the ranking points will then be adjusted accordingly.

(500m, 1000m, 1500m)
