General Information

Bulletin 171A describes the selection criteria, and entry requirements for competitions during the 2016-2017 season. A graphic, simplified version of the National HP competition program is in the section entitled National Competition Progression.

Notification

All National and Development Team members must have completed and signed a National Team Agreement in order to be eligible for selection to any of the following competitions.

Team Selection Procedures

All skaters must qualify for international competition through the standards set by the ISU to be eligible to compete in each event. Speed Skating Canada will select athletes for each event in accordance with the following general procedures.

Skaters may request a Bye for selection as detailed in the procedure and policy for the allocation of Byes. The Policy can be found on the SSC website in Bulletin 174.

National Team Uniforms

All skaters are required to wear cut resistant clothing (undergarment or racing suit) that meets the ISU standards as described in ISU Communication 1265.

New ISU regulations regarding helmets in International competitions come into effect this season – details are available in ISU Communication 2028.

Specific to International competitions

Naming of Teams

Selection to a Team is provisional until any and all bye requests have been considered. Once all bye requests have been considered, SSC will then formally announce a team by posting the team list on the SSC website. Every effort will be made to ensure that this occurs within 7 days of the selection event, however, for the World Championship team, the HPCST reserves the right to delay announcement of the skater chosen by discretionary selection and the athletes participating in the individual distances until the return of the Team from World Cup 6. This will give the HPCST greater evidence of performance, if required, to finalize the decision in order to ensure that the best Team is selected.

For each Team, the HPCST will name an alternate athlete in the event that a replacement is required. The selection of the alternate is at the sole discretion of the HPCST.

Replacement of Skaters

The HPCST reserves the right to replace a skater if medical advice is such that competing in the event may be potentially injurious to the selected skater or that the skater has not recovered sufficiently from an existing injury.

If a skater who is named to a team withdraws or declines his/her position on the team prior to departure for the competition he/she will be replaced on that team at the discretion of the HPCST, and according to budgetary considerations.

If a skater who is named to a team withdraws from that team due to injury, illness etc following departure from Canada for the competition, or series of competitions he/she may be replaced on the team at the discretion of the HPCST.

Specific to National Competitions

In order to compete in these competitions skaters must be Canadian citizens and registered participants of Speed Skating Canada. The competitions will be held on the ISU 111.12m oval track. ISU racing rules will apply unless otherwise indicated by SSC.

During an event sanctioned by Speed Skating Canada, athletes must not wear a competition uniform (skin suit) identified as belonging to a national team or to another country, unless he or she belongs to that team or country at the time of the competition. (SSC Rule N1-106).

In addition, no Speed Skating Canada National or Development Team skin suit from a previous season is permitted to be worn by any skater during any National event detailed in this Bulletin unless authorized by Speed Skating Canada.

National Competition Progression

2016 / 17 International Competition Team Selection Criteria

Fall World Cups 1, 2, 3 and 4

Eligibility:

ISU determines the eligibility of Canada to submit entries for the World Cups.

An eligible skater is a skater who has reached the age of 15, by July 1st, 2016. (ISU Rule #108)

Quota: The Fall World Cup teams will be composed of six (6) women and six (6) men.

Sequence of decisions and team selection criteria: Fall World Cups

Step 1 Select **top four (4) ranked** athletes based on best two distances at the Fall World Cup Selection competition.

If a tie in points exists, the skater with the highest finish position in their 3rd best distance (not including the 3000m) will be ranked higher. If a tie persists, cumulative seeding points of the 3 distances will be used for breaking the tie.

Step 2 If a request has been made for a bye, the Bye Point System will be used for head-to-head comparison of athletes (refer to the Bye Point Policy – Bulletin 174). The Bye Point System will determine the placement of the athlete within the final adjusted selection ranking for the Fall World Cup teams.

Step 3 The HPCST, in consultation with the National Team coaches, will select the athletes for the remaining positions according to the guidelines for discretionary selections as specified below. The discretionary selection will be limited to athletes placed in positions four (4) through twelve (12) of the adjusted final selection ranking for the Fall World Cup teams which may include athletes placed through the application of the Bye Point System in step 2 above.

In selecting the discretionary positions, the HPCST will consider past experiences and recent performances to allocate international racing opportunities. The HPCST will solicit the input of the National Team coaches in order to assign different weightings for the following factors to be considered as they deem appropriate: Results obtained at recent competitions (including Fall World Cup Selections), evaluation of future potential, quality and commitment to the summer and fall training program, physical testing results..

The athletes selected in Step 1 above will form the team for World Cups 1, 2, 3, 4, while the other positions may be rotated amongst a group of skaters selected in steps 2 and 3. Should the performance of any athlete on the team at the first two World Cups not meet the expectations of the National Team coaches, s/he may be replaced at the sole discretion of the National Team coach for World Cup 3 and 4. The athlete chosen to take this place on the team will be selected according to the criteria listed in points 2 and 3 above.

The top two (2) ranked athletes of the team (selected in step 1) will then have preference, as decided by the National team coach for entry to individual distances at the respective World Cup competitions.

The remaining individual distance entries will be made by the National Team coach at the respective World Cup competitions.

Junior level eligible athletes who are selected to compete at World Cups 3 & 4 will be automatically pre-selected to represent Canada at the World Junior Championships.

World Short Track Championships

Eligibility:

ISU Rule 281 determines the eligibility of Canada to submit entries for this Championship.

An eligible skater is a skater who has reached the age of 15, by July 1st, 2016. (ISU Rule #108)

Quota: The World Short Track Championships 2017 Team will be composed of five (5) women and five (5) men.

Sequence of decisions and team selection criteria: World Championships

The following selection criteria will be based on a combination of cumulative overall ranking results from the Canadian Championships (80%) and overall ranking results from the Fall World Cup Selection (20%) or National Open Qualifier competition (20%). This shall be known as the combined ranking. Once the combined ranking has been affected by the evaluation of bye requests, this shall be known as the final adjusted selection ranking for the World Championships team.

Step 1 Select **top three (3)** athletes based on combined ranking as described above.

If a tie in points exists, the athlete with the higher cumulative overall ranking prior to the 3000m, including only the 500m, 1000m and 1500m distances of the Canadian Senior Championships will be ranked higher.

Step 2 If a request has been made for a bye, the Bye Point System will be used for head-to-head comparison of athletes (refer to the Bye Point Policy – Bulletin 174). The Bye Point System will determine the placement of the athlete within the final adjusted selection ranking for the World Championships team. The athlete in the 4th position of this ranking will be selected to the Team.

If no request for a bye has been made, or if a request or requests have been made but have not placed the athlete requesting the bye within the top four (4) athletes of the final adjusted selection ranking for the World Championships team, then the athlete in the 4th position of this ranking will be selected to the Team.

If a tie in points exists, the athlete with the higher cumulative overall ranking prior to the 3000m, including only the 500m, 1000m and 1500m distances of the Canadian Championships will be ranked higher.

Step 3 The HPCST, in consultation with the National Team coaches, will select the athlete for the remaining 5th position according to the guidelines for discretionary selections noted below. Should the HPCST wish to delay selection of the discretionary position until the return of the team from World Cup 6, only those who participated in World Cup 5 or 6 will be eligible for

selection. The athlete who is not selected to the World Championships team will be named alternate for the team.

The HPCST will solicit the input of the National Team coaches in order to assign different weightings for the factors to be considered as they deem appropriate, with the objective of selecting the best Team member for the relay events.

The National Team coaches' assessment will include the following elements (listed in no particular order):

- a) International relay performances & experience (limited to ISU World Cups and World Championships, both Junior and Senior)
- b) Relay training performance
- c) Readiness for competition
- d) Team dynamics
- e) Commitment to the training program
- f) Medical and health status

“International performances” will be defined as performance in ISU World Cup or World Championships (both Junior and Senior) competitions within the past twelve (12) months. When performances from the past twelve (12) months are not sufficient to enable a fair comparison and evaluation between athletes, competitions from beyond this period may be considered at the discretion of the HPCST.

Individual distances

Canada's quota to skate individual distances at the 2017 World Short Track Championships from the ISU is three (3) men and three (3) women. The top two (2) men & women identified in Step 1 (above) will automatically be entered for the individual distances at the World Championship competition. The remaining individual distance entries will be determined at the absolute discretion of the HPCST from amongst the remaining team members.

In order to meet the overall objective of Team selections for the individual distances the national team coaches' assessment will include the following elements (listed in no particular order):

- Potential for Podium performances
- International performances & experience
- National performances
- Training performance
- Readiness for competition
- Commitment to the training program
- Medical and health status

Relay

All five (5) Team members will be eligible to compete in the relay; however, the National Team coach at the World Championships will determine the composition of the relay Team for each round of competition.

Performance expectation

If an athlete's training performances are clearly inferior to the performances that earned him/her selection to the World Short Track Championships Team, the HPCST may make the decision to replace this athlete with the alternate.

World Cups 5 & 6

Eligibility

Competitors at World Cup 5 & 6 must have reached the age of 15 before July 1, 2016 (ISU Rule 108).

Quota: The Team for World Cups 5 & 6 will be composed of six (6) men and six (6) women.

Sequence of decisions and team selection criteria: World Cups 5 & 6*

Step 1 Select the four (4) athletes chosen in step 1 and 2 for the World Championships Team.

Step 2 **If all five (5) athletes for the World Championships team have been announced:**
Select 5th athlete on World Championships team and the designated alternate for that competition to the team for World Cup 5 & 6.

If only four (4) athletes for the World Championships team have been announced:
Select 2 athletes among those in contention for the discretionary position on the World Championships team (according to Step 3 of the Sequence of decisions and team selection criteria for World Championships).

Individual distances

The top three (3) athletes identified in Step 1 above, in consultation with the National Team coaches will have preference as to their entry in individual distances at the World Cup 5 & 6 competitions. The remaining individual distance entries will be determined on the basis of individual needs for the athletes' preparation for the World Championships and will be made by the National Team coach at the respective World Cup competitions.

* Athletes who have also qualified for the World Junior Championships will consult with their coach(es) to decide upon the appropriateness of their participation in competitions until the end of the season.

World Junior Short Track Championships

Eligibility:

A Junior skater is a skater who has reached the age of 14, but not the age of 19 by July 1st, 2016. (ISU Rule #108)

Quota: The Team will be composed of four (4) women and four (4) men

Sequence of decisions and team selection criteria: World Junior Short Track Championships

Athletes will be selected on the basis of the overall results of the Canadian Junior Short Track Championships, pre-selection and byes as described below.

Step 1 **Pre-Selection:**

Junior skaters who have earned selection to the World Cup 3/4 team in the 2016-17 season will be pre-selected to the World Junior Short Track Championship Team.

A maximum of **two (2)** athletes per gender may be pre-selected to the World Junior Short Track Championships.

Step 2 Select the highest ranked athletes from the overall results of the Canadian Junior Short Track Championships up to a total of **three (3)**, including those who were pre-selected in Step 1.

If a tie in points exists, the athlete with the higher cumulative overall ranking prior to the Super 1500m, including only the 500m, 1000m and 1500m distances of the Canadian Junior Short Track Championships will be ranked higher.

Step 3 If a request has been made for a bye, it will be evaluated according to the Bye Policy (see Bulletin 174) specific to byes for the World Junior Championships. If the bye is accepted, the athlete will be placed in the 4th position on the team.

If no request for a bye has been made, or if a request or requests have been made but have not resulted in placing the athlete on the team, then the athlete in the 4th position of the overall results of the Canadian Junior Short Track Championships will be selected to the Team.

If a tie in points exists, the athlete with the higher cumulative overall ranking prior to the Super 1500m, including only the 500m, 1000m and 1500m distances of the Canadian Junior Short Track Championships will be ranked higher.

Individual distances:

The top two (2) men & two (2) women identified in Step 1 and/or Step 2 (above) will automatically be entered for the individual distances at the World Junior Championship competition. Any skaters who have been pre-selected to the team will be considered as the highest ranked athletes and will automatically occupy these positions.

The remaining individual distance entry will be determined at the absolute discretion of the HPCST from amongst the remaining team members.

In order to meet the overall objective of Team selections for the individual distances the national team coaches' will assess skaters based on the following criteria (listed in no particular order):

- Potential for Podium performances
- International performances & experience (limited to ISU World Cups & World Championships Senior or Junior & FISU Universiades)
- National performances
- Training performance
- Readiness for competition
- Commitment to the training program
- Medical and health status

FISU Winter Universiades

The Universiade is open to any Canadian citizen who has reached the age of 17 but not the age of 28 on 1 January 2017 who is:

- a) currently officially registered as proceeding towards a degree or diploma at a university or similar institute (e.g. college, CEGEP); or,

Junior ranking

All junior aged skaters will receive ranking points based on the number of junior skaters who competed at the Canadian Senior Open Team Selection #2 competition (per distance – EXCLUDING the Super 1500m which does not count towards National Ranking). This means that if Y junior aged skaters compete at Canadian Senior Open Team Selections #2, then the highest ranking points available from Canadian Junior Open Team Selection #2 begin at Y+1 rank.

2016 / 17 Canadian Senior Rankings

For the purposes of determining a final overall Canadian Senior Ranking, the athletes selected to the 2017 World Championships Team will be ranked 1 to 5 in order of their selection to that Team. If the alternate selected for the Team participates at the World Championships, s/he will be ranked 6th.

For the remaining athletes, overall Canadian ranking will be determined from the cumulative ranking points from Fall World Cup Selections 2016 or the Canadian Open National Qualifier 2016, the Canadian Senior Championship 2017 and the Canadian Senior Open National Team Selections #2 (adjusted for any Bye Requests).

The three competitions will be weighted as follows:

Fall World Cup Selections or Canadian Open National Qualifier	= 20%
Canadian Senior Championship	= 40%
Canadian Senior Open National Team Selections #2	= 40%

In the event that 2 or more skaters achieve the same ranking the one with the best result in an individual distance at the Canadian Senior Championship will be ranked higher.

Individual distance rankings will also be determined using the same weighting of distances:

Fall World Cup Selections or Canadian Open National Qualifier	= 20%
Canadian Senior Championship	= 40%
Canadian Senior National Team Selections #2	= 40%

Athletes selected to the ISU (Senior) World Short Track Championship will have the same Canadian Ranking for individual distances as they would have earned with the cumulative ranking points of only the Fall World Cup Selection (20%)/Canadian Open National Qualifier and the Canadian Senior Championship (80%) – excluding the 3000m. The ranking for these athletes will not be affected by that of other athletes who participated at the Canadian Senior Open National Team Selection #2.

2016 / 17 Canadian Junior Rankings

For the purposes of determining a final overall Canadian Junior Ranking, ranking will be determined from the cumulative ranking points from the Fall World Cup Selections 2016 OR Canadian Open National Qualifier 2016, Canadian Junior Short Track Championship 2016 and the Canadian Senior Open Team Selections #2 OR the Canadian Junior Open Team Selections #2 (adjusted for any Bye Requests). The three competitions will be weighted as follows:

Fall World Cup Selections OR	
Canadian Open National Qualifier	= 20%
Canadian Junior Short Track Championship	= 40%
Canadian Senior OR Junior Open Team Selections #2	= 40%

In the event that 2 or more skaters achieve the same ranking the one with the best result in an individual distance at the Canadian Junior Short Track Championship will be ranked higher.

Individual distance rankings will also be determined using the same weighting of distances:

Fall World Cup Selections OR	
Canadian Open National Qualifier	= 20%
Canadian Junior Short Track Championship	= 40%
Canadian Senior OR Junior Open Team Selections #2	= 40%
